

# Accelerator Frameworks

## How We Can Help

Realizing the full potential of Microsoft Teams requires a well-developed Change Management strategy, plus a secure, technically sound solution aligned with your unique needs. Our Office 365 experts develop custom frameworks that accelerate the rollout and adoption of Teams across your organization.

- **We deliver quick wins.** Our process proves business value in 30-, 60- and 90-day timeframes.
- **We put employees first.** Our passion is helping technology make working together better.
- **We take security seriously.** Our culture prioritizes protecting your business and customer data.
- **We define modern workplace strategy.** Our tools optimize your digital workplace ecosystem.
- **We align people, goals and technology.** Our commitment is achieving sustainable benefits.
- **We are agile.** Our frameworks adapt to your needs, from planning to deployment.

## WHY PARTNER WITH US:

Teams is a single hub for communications and collaboration - incorporating Office 365, messaging, meetings, voice, devices, app platforms and more.

But deploying Teams means more than simply turning it on. Centric's careful planning and focus will ensure that your rollout achieves:

- ✓ Adoption & Change Management
- ✓ Sound Governance
- ✓ Security & Compliance
